

Pension fund comparison 2016

Top results year after year for AXA's insured

The year's top pension funds have been named: On June 12, 2016, SonntagsZeitung published the latest pension fund comparison. AXA is once again one of the top performers. In the 11 years since this comparison has been made, AXA has been number one on the most occasions and has had the most top-three finishes.

In the latest pension fund comparison AXA demonstrates its success in offering constant performance for its insured and achieved the following top rankings, among others:

- **1st place** for the best service quality (mystery shopping)
- **2nd place** for the best investment returns over 10 years
- **3rd place** for the highest interest return over 10 years

In the 11 years in which this comparison has been made, AXA has already been ranked **top** on six occasions and **second** on five occasions in the investment return category. Clear evidence that AXA's investment strategy offers good long-term performance.

AXA follows a generally conservative investment policy. Protecting its insured is the first priority of AXA's business model. Our clients can count on us fully to meet our obligations. This is guaranteed by:

- A broadly diversified investment strategy, that is adjusted in line with risk capacity, but still offers attractive performance potential.
- Professional risk management.
- The capital strength of our life insurance company and collective foundations.

40,000 satisfied corporate clients

Competence

Secure pension benefits in the future thanks to our far-sightedness and our sustainability

Security

Prudent investment of all pension fund money entrusted to us with full management in Switzerland

Simplicity

Comprehensive service offering, online contract management to reduce our corporate clients' administration – minimizing your effort

Partnership with a future

AXA manages many collective foundations with a whole variety of focal points. This variety gives every company in Switzerland access to a precisely tailored solution for its occupational benefits insurance.
