

STRADA OLDTIMER – insurance for vintage motor vehicles

Optimum protection for vehicles with a history /

With STRADA OLDTIMER, the comprehensive insurance solution from AXA, your pride and joy will have the coverage it deserves. After all, a vintage car has not only sentimental but also considerable material value, which deserves to be fully insured.

First-class solutions

- Insurance for cars and motorcycles from the ripe old age of 25
- Extended coverage with partial or full accidental damage insurance, free of charge
- Claims notification, advice and emergency aid by phone, 24 hours a day and 365 days a year, at 0800 809 809 (+41 52 218 95 95 when calling from abroad)
- Mobility in Europe ensures that you will remain on the move at all times. For Europe, the insurance includes emergency roadside service, towing, vehicle recovery and repatriation.
- More than two vintage cars can be insured under a single set of interchangeable license plates (registration with the department of motor vehicles)
- Straightforward claims handling, including repair service
- We can arrange for the necessary repairs on request. AXA's contract partners offer a warranty of up to five years on their work.

If the value appreciates, future risks will be covered up to 10% of the vehicle's agreed value.

Insurance for replacement parts up to 10% of the vehicle's value, maximum CHF 20,000.

Regularity races are insured.

Feeling relaxed and secure on the road /

Liability

The Road Traffic Act requires liability insurance for all motor vehicle owners. It covers damage that you as the driver of a motor vehicle may cause to other road users (drivers of motor vehicles, cyclists, and pedestrians), animals or property. Liability insurance also covers you against any unjustified claims for damages filed against you.

Guaranteed amount

- CHF 100 million

Accidental damage coverage

Although accidental damage coverage is voluntary, it becomes invaluable in the event of a loss. You can choose between full or partial accidental damage coverage and determine the scope of the insurance.

Full accidental damage coverage

Full accidental damage insurance (collision) covers damage caused to your own vehicle, in addition to the events covered under partial accidental damage insurance.

Partial accidental damage insurance

You can choose to have any of the following events insured:

- Theft
- Damage from natural occurrences such as rock fall, hail, or avalanches
- Fire damage: Including lightning, short circuits, and explosions
- Snow slides: Including falling snow and ice

- Damage by animals caused on impact
- Marten damage, in particular damage from biting and any consequential loss
- Glass breakage “plus”: Damage to all glass and substitute glass parts on the vehicle
- Malicious damage: For example broken-off antennas or rear-view mirrors, slashed tires
- Transported belongings “plus”: Compensation for electronic and professional equipment as well
- Loss of use: Additional costs for travel, transportation, or a rental car in the event of a loss

Accident insurance

Accident insurance provides you with financial support if the driver or a passenger in your vehicle is injured or killed in a traffic accident. This applies even if the question of who is at fault has not yet been settled.

Accident insurance covers you and your passengers even while traveling in a vehicle other than your own. It covers treatment costs for your pet if it happens to be in the car.

No-claims bonus

The no-claims bonus can make a difference of up to 70% for liability and full accidental damage coverage (only collision), because each claim-free year lowers your premium by one level.

Additional benefit

Bonus protection

- Current bonus level for liability and full accidental damage coverage (only collision) remains even if an insured event occurs
- No benefit reductions due to gross negligence

Extended coverage for full and partial accidental damage coverage, free of charge

- If the value of your vintage vehicle increases, future risks will be covered for up to 10% of the agreed value of the vehicle (no limit)
 - Replacement parts and components, maximum CHF 20,000, are also insured up to 10% of the vehicle's value (components that have been removed during repair or restoration; replacement parts that are stored in the garage, apartment or house)
- Your vintage vehicle is also insured while being transported with another vehicle or a trailer (incl. damage during loading or unloading)
- Exchanging of locks or replacement keys if the key has been stolen or lost. This includes broken off keys.
- Driver safety training and regularity races (rallies) on public roads and blocked-off roads are insured.
